[SLU Summer Programs](#)

*Scholarship does not cover full amount of camp.

Explanation

Below, please explain why you are interested in the camps you checked above. You may attach an additional piece of paper, if necessary

Special Skills or Qualifications

Summarize any special qualifications, interests or activities you have acquired to date related to the field of engineering or any other related reasons you should be considered for this scholarship award:

Please list one CJ faculty member and supply a letter of recommendation from him/her.

Name	
Subject/Class	

Agreement and Signature

By submitting this application, I affirm that the facts set forth in it are true and complete. I understand that scholarship awards may only be applied to one of the designated MO S&T or SLU Parks College engineering summer camps and that transportation to and from the camp is the responsibility of the student/her parents or guardian and not provided by the scholarship.

Student Name (printed)

Essay

Please submit a 300-500 word essay explaining how a Cor Jesu student could live out the school mission to transform the world within the field of engineering.

Requirements

This application is not complete without the following:

- This completed form
- Letter of recommendation from faculty member
- Essay (300-500 words)
- Copy of high school transcript (For SLU Parks College camps only)

After attending camp, each scholarship recipient will be required to write a follow up essay, recapping her camp experience and sharing specific ways in which the experience influenced her thinking about the field of engineering.

Deadlines

This application must be submitted to the Career College and Wellness office by: **February 24, 2023**

Awardees will be notified by: **March 31, 2023**
